### **Show Unloading/Parking/Setup/Teardown Information**

#### **Unloading:**

Unloading for the show takes place on El Paseo Street, which terminates in the traffic circle, adjacent to the cobblestone area. Coming from North Laguna, make a right turn onto El Paseo. Approaching from South Laguna, you cannot make a left turn onto El Paseo – go around the block and enter from the other direction.

- Please arrive between 6:30 and 7:30AM. El Paseo will be closed to exhibitor traffic after 7:30A. If you arrive later than 7:30AM you will have to carry your displays in from an alternate location. If you arrive later than 8:00AM, you may forfeit your space to anyone on the show wait-list.
- A Board member will direct you to park in an open unloading zone.
- Be sure to leave the 12' fire lane on El Paseo open. There must be access to the turn-around for ambulances, fire trucks or other emergency vehicles.
- We cannot under any circumstances block the parking spots for the shops at any time. (Metered parking spots are fine to park in).
- Do not block the ramp from the cobblestones to El Paseo. We must leave a wide space at the ramp to the cobblestones.
- On arrival, a Board member will direct you to your pre-assigned booth space. Spaces in this show are small and irregular, please be flexible. Due to city and local merchant requirements, no artist display can be higher than 6'.
- Unload your display/s and artwork in your assigned booth space, and then go park your vehicle.

#### **Parking:**

A Board member will give you a day-pass for parking, and this must be displayed on your dashboard that day, and then turned in to the teardown traffic supervisor when you return to pack out.

You may park your car for the day at the Wells Fargo Bank parking lot, located on Ocean Avenue. Please park on the side closest to PCH. Only one vehicle per exhibitor booth space, and there are no in-and-out privileges, because the bank will double-charge us for that. Help us keep your booth fees down, please!

**Setup:**

You are not permitted to setup your booth space until your vehicle has been moved from the unloading zone. Booths must be ready for business by 8:30A.

City regulations stipulate that no booth, table, chair, or other structures will be placed on the grass or sidewalk at Main Beach Park or the pathways; all Craft Guild exhibitors must remain on the hardscape area of the cobblestones.

All umbrellas and canopies must be white. Note that, due to city and local merchant requirements, "No EZ-Up" style canopies are permitted. We also have limited space for solid walls such as pro-panels. Please advise us in advance if you have pro-panel set up.

**Teardown:**

Teardown for all artists will be determined by the Board, based on daylight hours. Artists in the traffic circle will teardown and pack out one hour prior to those on the cobblestones, to facilitate in-bound and out-bound traffic in the circle.

You have one hour for teardown. Do not teardown early, nor overstay the one-hour teardown limit. **If you do not teardown when directed, you jeopardize your membership in the Craft Guild.**

Pack your things up within your booth space, and check in with our show's teardown traffic supervisor. Once directed to do so by the supervisor, go get your vehicle. Only when the street is clear and space is available, you will be directed where to park on the traffic circle.

As soon as you park for teardown, return your parking day-pass to the supervisor.

Please, no backing in to the traffic circle, we need to be facing the same direction around the circle.
